Dear Commissioner:

I, Robert B. Hammond, am authorized to sign this Terminal Disclaimer on behalf of Superconductor Technologies, Inc. I certify that Superconductor Technologies, Inc. owns the entire interest in the above-identified application and invention by virtue of an assignment from the inventors in U.S. Patent Application Serial No. 09/268,786, now United States Patent No. 6,347,237. The assignment from the inventors to Superconductor Technologies, Inc. is recorded at Reel 010074, Frame 0224.

Superconductor Technologies, Inc. hereby disclaims the terminal part of any patent granted on the above-identified application that would extend beyond the statutory expiration date of U.S. Patent No. 6,662,029, which is a continuation of U.S. Patent No. 6,347,237.

Moreover, Superconductor Technologies, Inc. hereby agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period that the legal

title to said patent shall be the same as the legal title to U.S. Patent No. 6,662,029, this agreement to run with any patent granted on the above-identified application and to be binding upon Superconductor Technologies, Inc., its successors, or assigns.

Superconductor Technologies, Inc. does not disclaim any terminal part of any patent granted on the above-identified application prior to the expiration date of the full statutory term of U.S. Patent No. 6,662,029, in the event that it later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.312(a), has all claims cancelled by a reexamination certificate, or is otherwise terminated prior to expiration of its statutory term as presently shortened by any terminal disclaimer, except for the separation of legal title stated above.

I hereby declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true, and further, that these statements are made with the knowledge that willful false statements, and the like so made, are punishable by fine or imprisonment, or both, under Section 1001, Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Respectfully submitted,
